## Caning Supplies

**Caning Supplies** - Upholstery Supplies | Cane, Spline, Caning Pegs, Caning Needles, Machine Caning, Hand Caning, Binder Cane, NuKane, Box Cane, Sweedish Modern Cane, Caning Mesh, Close Woven, Caning Tools

Here, you will find the supplies you need to do your own chair caning project. There is a nice selection of **pre-woven** or machine cane sheeting as well as cane for **hand caning** projects.

There are two kinds of **cane seats**--those woven by hand with long strands of thin cane and those made of a **machine-woven cane** sheet. Even if all the original cane is gone from your chair, it's still easy to tell which type of seat it had. If you find a narrow groove around the seat frame, your chair had machine-woven cane. If you find holes around the entire perimeter of the seat, this was **hand-woven**. **Click on a link** to shop for the **caning** type you need.
